

The Benefit of Choosing a Dermatologist

If you're considering having a cosmetic procedure done to enhance your natural beauty and reduce the signs of aging, your first reaction may be to contact a plastic surgeon's office or perhaps go to your local spa. While these places can provide excellent treatment, there is no better option than having a board-certified dermatologist perform your cosmetic procedure. Here at DermacenterMD, Dr. Roger Moore, a skin care expert, will personally evaluate your needs and perform your procedure.

There is no other medical profession that is more highly trained in the skin than dermatology. A dermatologist has dedicated their life to the study and care of the skin, hair and nails. When you come in for a consultation with Dr. Moore, you will not only be able to express your desire for a specific cosmetic procedure, but also you can express any other skin, cosmetic or aging concerns you may have. Dr. Moore can lead you in the right direction to get your skin looking youthful, fresh and beautiful.

You can change your image and the way people perceive you through the innovative cosmetic procedures offered here at DermacenterMD. Dr. Moore offers treatments such as Botox and Dysport, fillers, laser facial rejuvenation, photo rejuvenation, laser hair reduction, microdermabrasion, ProFractional laser therapy, laser vein therapy and more. Many of Dr. Moore's patients travel from all over the Michiana area, including South Bend, Goshen, Mishawaka and Michigan to receive the professional and expert care they know they will receive at DermacenterMD. So, if you're considering cosmetic procedures to improve your appearance there is no better option than choosing a board-certified skin expert like Dr. Roger Moore.
